

Hongjing Lu

Professor, Departments of Psychology & Statistics
University of California, Los Angeles
hongjing@g.ucla.edu 310-206-2587
<http://cv1.psych.ucla.edu/>

EDUCATION

PhD, 2005	Cognitive Psychology University of California, Los Angeles
MA, 2002	Major: Cognitive Psychology; Minor: Quantitative Psychology University of California, Los Angeles
MS, 2000	Mechatronic Engineering Beijing Institute of Technology
BS, 1997	Mechatronic Engineering Beijing Institute of Technology

EMPLOYMENT

2017	<i>Departments of Psychology & Statistics, University of California, Los Angeles</i> Professor
2013 – 2017	<i>Departments of Psychology & Statistics, University of California, Los Angeles</i> Associate Professor
2008 – 2013	<i>Departments of Psychology & Statistics, University of California, Los Angeles</i> Assistant Professor
2008	<i>Psychology Department, University of California, Los Angeles</i> Visiting Assistant Professor
2007	<i>Psychology Department, The University of Hong Kong</i> Assistant Professor
2006	<i>Statistics Department, University of California, Los Angeles</i> Postdoctoral Researcher

RESEARCH AREAS

Bayesian modeling of perception and cognition
Human vision: Action recognition, visual adaptation, perceptual learning
High-level cognition: Causal learning, intuitive physics, analogical reasoning

TEACHING EXPERIENCE

Advanced Statistics (graduate level), Bayesian Statistics, Computing Methods for Psychology
Cognitive Psychology, Quantitative Methods in Cognition, Sensation and Perception;
Director of PhD Specialization in Computational Cognition

HONORS and AWARDS

Google faculty research awards, 2018
 UCLA Psychology Department Service Award, 2018
 Computational modeling prize in perception/action, Cognitive Science Society, 2017
 UCLA Psychology Department Teaching Award, 2017
 The “Best Paper” award from the Journal of Attention, Perception & Psychophysics, 2014
 UCLA Faculty Career Development Award, 2010
 NSF Early Career Development (CAREER) Award, 2009
 International Fellowship from Association of American University Women (AAUW), 2004
 CESASC Scholarship, 2004
 Chinese National Advanced Science and Technology Award, 2001
 Excellent Master Thesis Award, Beijing Institute of Technology, 2000
 Chinese Academic Institute Fellowship, 1999

PROFESSIONAL SERVICE

Member

Vision Science Society, Cognitive Science Society, Association for Psychological Science

Editorial Board Member

Psychological Science (2012 – present)

Psychological Review (2015 – present)

Ad Hoc Reviewer

Science, Psychological Review, Psychological Science, Trends in Cognitive Science, Psychological Bulletin & Review, Cognitive Psychology, Cognition, Cognitive Science, Journal of Experimental Psychology: Learning, Memory, and Cognition, Journal of Vision, Vision Research, Spatial Vision, Seeing and Perceiving, Developmental Psychology, Artificial Intelligence in Medicine, Behavioral Brain Research; iPerception; Frontiers in Psychology, Neural Computation; External Review for National Science Foundation (NSF), External review for Competitive Earmarked Research Grant (CERG) from Hong Kong Research Grants Council, External review for Chinese National Science Foundation (CNSF).

Professional Activities

Panelist, NSF Perception, Action and Cognition panel, NSF Science of Learning: collaborative Networks Panel, NSF graduate research fellowship panel

Instructor, Graduate Summer School, Probabilistic Models of Cognition: The Mathematics of Mind (Institute for Pure and Applied Mathematics, UCLA, 2007, 2011)

Organizer, Keck Vision Seminar Series (Department of Psychology, UCLA, 2006)

Instructor, Computer Vision Graduate Summer School (Lotus Hill Institute, Ezhou, China, 2006)

GRANT SUPPORT

Google faculty research awards (Co-PI, Keith Holyoak)

Title: Human relational reasoning and creativity: experimental and computational studies

Dates: 08/01/18 – 7/31/19

NSF BCS-1655300 (PI)

Title: Discovering hierarchical representations for action understanding

Dates: 08/01/17 – 7/31/20

UCLA Faculty Research Grant (PI)

Title: From perception to abstraction: visual analogy as a mechanism for understanding

Dates: 07/01/16 – 07/1/17

NSF BCS-1353391 (PI)

Title: Understanding biological motion

Dates: 07/01/14 – 6/31/17

NSF BCS-0843880 (PI)

Title: CAREER: A Computational investigation into biological motion perception

Dates: 08/01/09 – 7/31/14

CART Pilot grant (Co-PI, Martin Monti)

Title: Impact of autism on action perception

Dates: 08/01/13 – 7/31/14

Office of Naval Research (Co-I; project PI Keith Holyoak, UCLA)

Title: Analogical reasoning: Integration of neural, behavioral and computational approaches

Dates: 03/01/08 – 12/31/12

Competitive Earmarked Research Grant from Hong Kong Research Grants Council (Co-I; project PI Chia-Huei Tseng)

Title: Investigation of attention-modulated learning

Dates: 08/01/10 – 07/31/12

UCLA Faculty Research Grant (PI)

Title: Learning and generalization of abstract semantic relations

Dates: 08/01/10 – 07/31/11

Air Force Office of Scientific Research (Co-I; project PI Alan Yuille, UCLA)

Title: Hidden causal structure for reasoning and learning: Human cognition, machine intelligence, and statistics

Dates: 12/01/08 – 11/31/11

National Science Foundation (Co-I; project PI Alan Yuille, UCLA)

Title: A computational theory of motion perception

Dates: 07/01/07 – 06/30/10

UCLA Faculty Research Grant (PI)

Title: Phantom motion aftereffects in global motion perception

Dates: 08/01/09 – 07/31/10

Seed Funding Program for Basic Research of the University of Hong Kong (PI)

Title: Generic priors in Bayesian inference for causal learning

Dates: 06/11/07 – 12/10/08

Competitive Earmarked Research Grant from Hong Kong Research Grants Council (PI)

Title: Probing the visual information used in human recognition of biological movements
